

Santigo - **sahara** / charcoal / grey

SANTIGO®

The latest addition to Landscape Products paving line-up, Santigo® adds a fresh dimension to the design options of landscape professionals. Offering an attractive textured finish in body-through colours, cost-effective installations - taking only 17 blocks per m² - and versatility, cast with bevelled and straight edges in a single paver, Santigo® is an innovative landscaping tool, ideal for shopping and community centres, retirement villages, patios, driveways, walkways and pool surrounds.

Product features

Santigo® elegance

- Attractive textured finish which blends naturally with the environment
- Available in numerous body-through colours
- Off-the-shelf colours include grey, charcoal and the multi-coloured Sahara
- Can be laid in conjunction with Masonique® or Cottage Stone® for creative design and layout options
- Layout options would typically consist of a Santigo body combined with either or both Masonique® or Cottage Stone® as borders/header courses
- Alternative finishes - bush-hammered and rumbled.
