

Admixture Systems

Accelerators MasterPozzolith 555 MasterPozzolith 575	- Non-chloride accelerating admixture - Chloride accelerating admixture
Brick and Block MasterCast 746 MasterCast WP 793	- New generation Plasticiser for Manufactured Concrete Products, specially engineered for block and paver mixes - Water resisting admixture
Miscellaneous Flordet MasterAir 100 MasterFiber 12mm MasterFiber 150 MasterFiber 240 MasterFinish 302 MasterLife WP 730 MasterMatrix 110 MasterRoc HCA 10	- Concrete and brick cleaner - Air-entraining admixture for concrete - Monofilament polypropylene fibres for cementitious systems - Structural polypropylene fibre for reinforcing sprayed concrete - Structural polypropylene fibre for reinforcing cast concrete - High performance chemical and physical mould release agents - Integral Hydrophobic pore-blocking ingredient for watertight concrete - High-performance viscosity modifying agent (VMA) for fluid concretes - Cement hydration control system for wet and dry sprayed concrete, grouting and cement injection
Pre-cast MasterGlenium ACE 415 MasterGlenium ACE 456 MasterGlenium ACE 456 VMA	- A new generation high-performance polycarboxylic ether based superplasticiser for the Precast industry - A new generation of high-performance polycarboxylate ether (PCE) superplasticisers for the Precast industry - A new generation of high-performance VMA polycarboxylate ether (PCE) superplasticisers for the Precast industry
Retarders MasterPozzolith 55R MasterPozzolith 600R	- Retarder for mortars and plaster, admixture with set retarding properties - Universal Retarder
Ready Mix Concrete MasterGlenium 118 MasterGlenium 119 MasterGlenium 804 MasterGlenium Sky 923 MasterPolyheed 3839 MasterPozzolith 390N MasterPozzolith RMC 4 MasterRheobuild 561M MasterRheobuild 1100 MasterSet R 100	- Polycarboxylic ether based water reducing superplasticiser for the production of high quality ready-mix concrete - Polycarboxylic ether based water reducing superplasticiser for the production of high quality ready-mix concrete - Hyperplasticiser with extended open time especially for underground construction works - Workability-Retaining Admixture - Workability-Retaining Admixture - Water reducing plasticiser to produce low slump loss in flowable concretes - Plasticiser for concrete - High range, water reducing superplasticiser for rheoplastic concretes - A high range water reducing superplasticising admixture for the production of rheoplastic concrete - Plasticiser for concrete
Super Plasticisers MasterGlenium 27CH	- New generation high range water reducing admixture primarily developed for the readymix concrete industry and self-compacting concrete
MasterGlenium Sky 504S	- New polycarboxylic ether superplasticiser for the production of high quality ready-mix concrete with low water cement ratio and exceptional workability

Underground Construction

MasterRheobuild 1100 PX MasterRoc FLC 100	- A high range water reducing superplasticiser admixture for the production of high slump concrete. - A powdered admixture for the production of non-shrink, high strength grouts for posttensioned cables and fixing anchors or bolts in concrete or rock
MasterRoc HCA 10 MasterRoc MP 355 A3	- Cement hydration control system for wet and dry sprayed concrete, grouting and cement Injection - Highly reactive, two component polyurethane injection foam to stop high volume water ingress and for ground consolidation
MasterRoc MP 355 1K MasterRoc MP 364 Flex MasterRoc MP 367 Foam MasterRoc MP 650 MasterRoc MS 610 MasterRoc SA 160	- One component polyurethane injection foam to stop small to mid-volume water ingress - Highly reactive, two component fire resistant polyureasilicate injection resin for ground consolidation - Highly reactive, two component polyurea silicate injection foam for cavity filling and ground consolidation - Fast setting micro fine Portland cement for injection into rock and soil - Densified silica fume for cast and sprayed concrete - Alkali-free, liquid high performance set accelerator for sprayed concrete

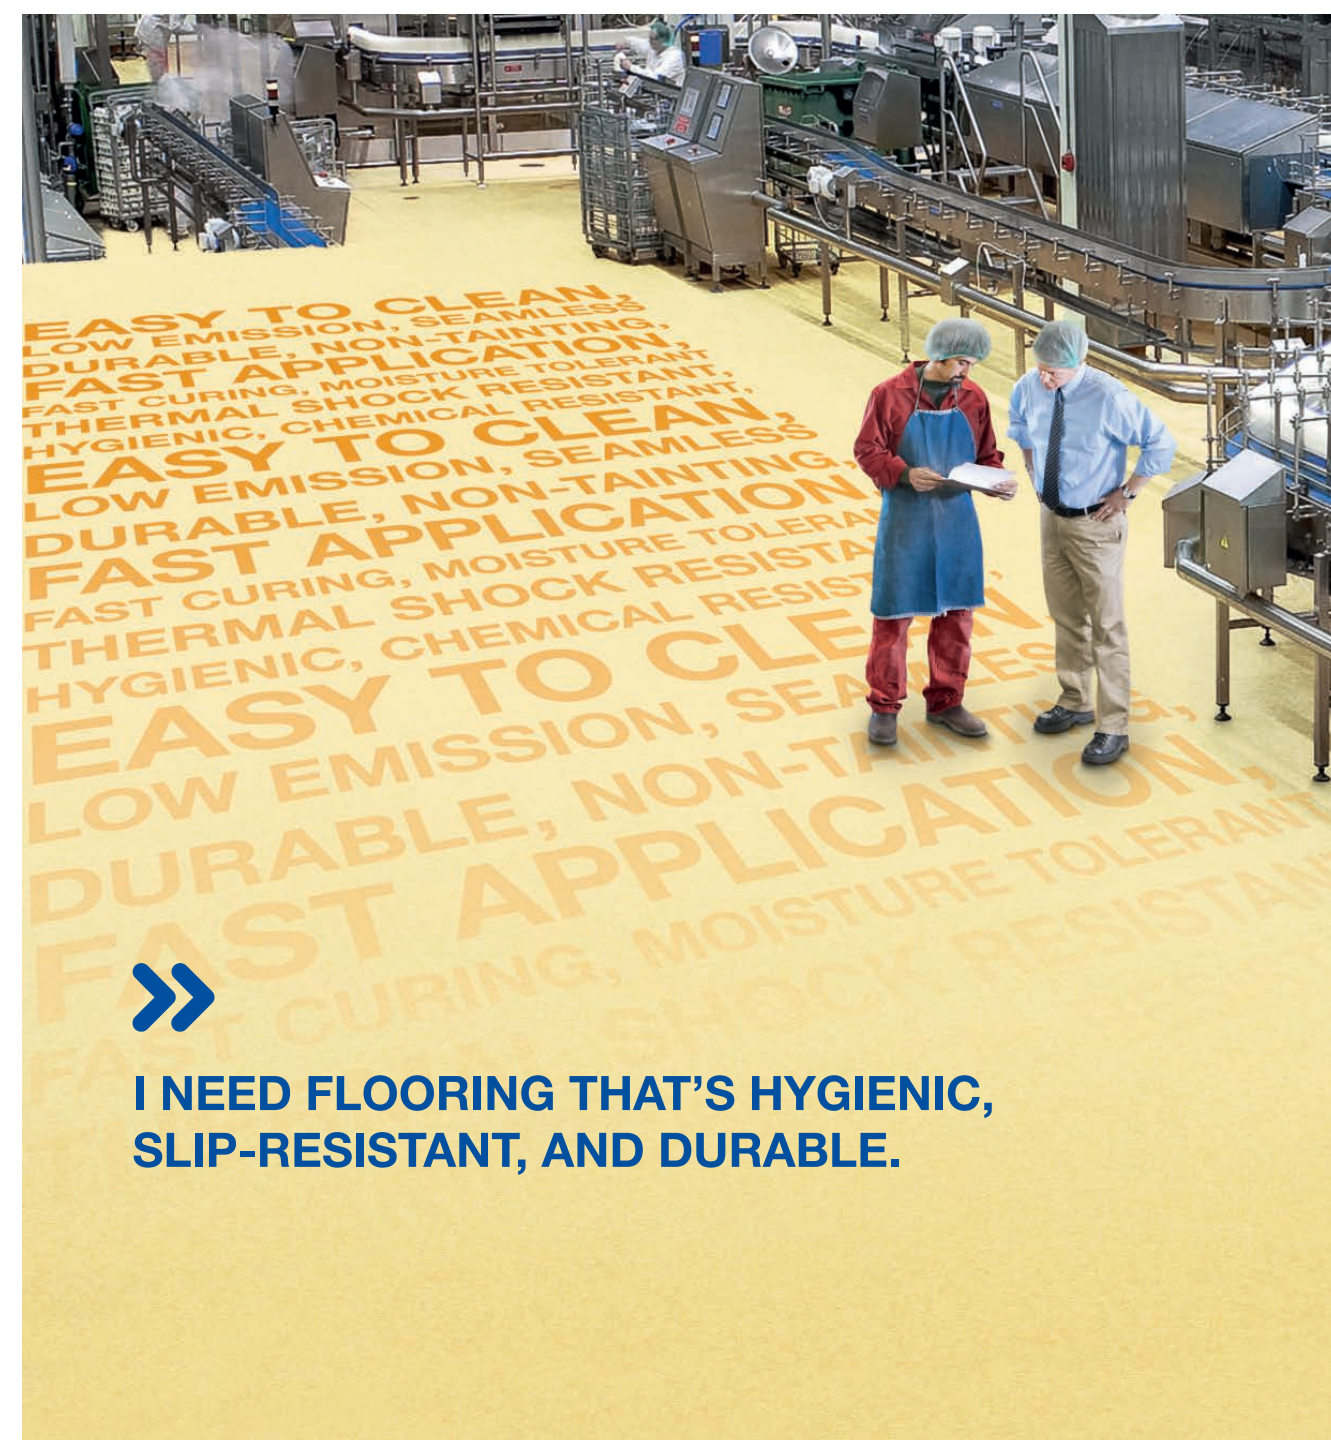

Concrete Repair and Protection

Bonding Promoters MasterCast 111 MasterCast 141	- Emulsion Admixture and Bonding Agent for Concrete and Mortars - Multi-purpose admixture for cementitious systems, Waterproofs and improves mortars, Bonding agent.
Composite Strengthening Systems MasterBrace FIB MasterBrace LAM	- High Strength and High Modulus Unidirectional FRP Sheets - High Strength and High Modulus Unidirectional Pultruded Carbon Fiber Laminates
Concrete Repair Systems MasterEmaco 8100 AP MasterEmaco N 303 MasterEmaco N 304 MasterEmaco S 740 MasterEmaco S 750 MasterEmaco S 5410 CI	- Single component epoxy based zinc rich primer for steel - Single component polymer modified fairing coat / cosmetic mortar for concrete surfaces - Cementitious repair mortar for non structural cosmetic repairs - Shrinkage controlled concrete for all types of structural repairs - Shrinkage controlled micro-concrete for all types of structural repairs - High-strength, rapid setting, shrinkage compensated, fibre reinforced, structural repair mortar with active corrosion inhibition
Corrosion Protection MasterProtect 180 MasterProtect 8000 CI	- A non-toxic solvent free high build, protective epoxy resin coating - Advanced Organo functional Silane based Corrosion Inhibitor
Injection Systems MasterInject 1315	- Low viscosity crack injection resin
Protective Coatings MasterProtect H 1100 MasterProtect 300 MasterSeal 380	- Free flowing, colourless solvent free liquid, based on a monomeric alkylalkoxysilane - Pigmented, elastomeric and protective waterproof and anti-carbonation coating for concrete and concrete structures - Solvent based silane siloxane primer and penetrative water repellent protective treatment for concrete and masonry
Surface Improvement MasterFinish 302 MasterKure 101 MasterKure 106 MasterKure 107 MasterKure 181 MasterKure 181 White	- High performance chemical and physical mould release agents - Acrylic emulsion curing compound - Water based concrete curing compound / bond breaker - Water based concrete curing compound, white pigmented for solar reflectance - Pliolite resin based multi-role curing, sealing and protective membrane for concrete - Pliolite Resin based liquid membrane forming curing compound for concrete

Performance Flooring

Cementitious & Dryshake Flooring MasterTop 20 MasterTop 100 MasterTop 120 MasterTop 195 MasterTop 290	- Concrete hardening and dust proofing liquid - Non Metallic Dry Shake Floor Hardener - Pigmented silica aggregate surface hardener for concrete floors - Thin-set concrete floor re-surfacing system - Metallic aggregate dry-shake floor hardener
Industrial Flooring MasterTop 1200 MasterTop 1205 MasterTop 1210 MasterTop 1230 MasterTop 1240	- Two-component solvent free epoxy resin - A pigmented, solvent-free, highbuild epoxy floor coating system - Multi component solvent free epoxy floor coating system - Self smoothing solvent free, epoxy overlay system for concrete floors - Multi component epoxy screed and repair compound
Ucrete Ucrete DP Topcoat Ucrete MF Ucrete MFAS Ucrete Primer RG Ucrete Primer SC Ucrete UD200 Ucrete WR	- Heavy duty polyurethane encapsulation resin - Heavy duty Polyurethane Floor Finish - Antistatic Heavy Duty Polyurethane Floor Finish - Heavy Duty Polyurethane Primer for Ucrete WR - Heavy Duty Polyurethane Primer for Ucrete Flooring Systems - Heavy Duty Polyurethane Screed - Heavy Duty Polyurethane Render

Performance Grouts

MasterFlow 190 MasterFlow 400 MasterFlow 519 MasterFlow 524 MasterFlow 525 MasterFlow 928 MasterFlow 885 MasterFlow 4800 MasterFlow 9200 MasterFlow 9300	- Superfine Grout - High strength, free flowing epoxy grout - Shrinkage compensated cementitious construction grout - High strength, non-shrink cementitious construction grout - High flowability non-shrink cementitious grout, non-metallic - High strength, non-shrink cementitious grout - Iron fortified shrinkage compensated grout - Ultra-high strength precision grout with metallic aggregate for high impact and dynamic load bearing - An ultra high strength, cement based grout with applied nanotechnology for grouting onshore - Ultra high strength, cement based grout with metallic aggregate and applied nanotechnology for grouting on shore wind turbine installations
---	--

Waterproofing and Sealants

Bituminous Waterproofing MasterSeal 620	- A bitumen / rubber latex emulsion. Surface applied,flexible, damp and vapour-proof liquid membrane
Bonding Systems MasterBrace ADH 1414 MasterBrace ADH 2200	- Wet-to-dry and vertical dowel Epoxy bonding agent for concrete repairs, bonding concrete to concrete, steel and granolithic toppings - High strength, non-flow, epoxy bedding and repair mortar
Cementitious Waterproofing MasterSeal 501 MasterSeal 505 MasterSeal 550 MasterSeal 588 MasterSeal 590	- Surface applied capillary waterproofing system for concrete and block work - Rapid setting plugging mortar - Acrylic reinforced cementitious, flexible waterproof coating - An elastomeric, cement based waterproof coating for concrete and masonry - Fast setting mortar to plug active water leaks in concrete and masonry
Parking Deck System MasterSeal M 866 MasterSeal TC 258 MasterSeal Traffic 1330 MasterSeal Traffic 1332 MasterTop SR 1, 3 & 5	- A tough elastic two component polyurethane membrane - Single component polyurethane UV- resistant protective traffic coating - Polyurethane, protective traffic-deck coating system - Polyurethane, waterproofing and protective traffic-deck coating system - Silica aggregates for use in conjunction with MasterTop and MasterProtect systems
Sealing Joints Masterflex 1036 Masterflex J Seal MasterPren PVC Waterstops MasterSeal 320 MasterSeal 720 MasterSeal 901 MasterSeal 909 MasterSeal 910 MasterSeal 911 MasterSeal 912 MasterSeal 930 MasterSeal 940 MasterSeal 941 MasterSeal CR 460 MasterSeal GG 470 MasterSeal NP 150 MasterSeal NP 150 MasterSeal NP 472 MasterSeal NP 474 MasterSeal P 101 WaboCrete Membrane	- Epoxy Bonded Seal Systems for Walls, Roofs, Parking and Bridge Decks - High performance expansion joint system - Range of externally and centrally placed waterstops - Flexible twin pack polyurethane joint filler - General purpose polysulphide joint sealant - Vinyl Ester Methacrylate resin for crack injection via injection hoses and packers - Re-injectable hose waterstop system for construction and cold joints in concrete - Water swelling waterbar for joints - Adhesive for MasterSeal 910 - Swelling gasket in paste form - Sealing tape for irregular and unconventional joints - Centrally and externally placed PVC Waterstops - PVC Waterstop for Compartmentalisation - Polyurethane joint sealant - High performance, elastomeric joint sealant, (Gun Grade) - Low-modulus, non-sag, elastomeric, hybrid sealant - One part polyurethane based elastomeric joint sealant - Versatile single component elastomeric polyurethane sealant and adhesive - Universal modified silane primer for use with MasterSeal 470 and Sonolastic series sealants - Membrane sealing expansion joint system
Synthetic Waterproofing MasterSeal 700BG MasterSeal 750TPE MasterSeal 752TDE MasterSeal 753THE	- Synthetic membrane of plasticised PVC - Synthetic membrane of TPO - Synthetic membrane of TPO - Synthetic membrane of TPO
