LAMBDA BOARD®

WATERPROOFING APPLICATIONS

The exceptional heat resistance and specially designed facings makes LAMBDA BOARD® the only insulation material that can directly receive torch applied membranes.

LAMBDA BOARD® is the perfect insulation for concrete decks and inverted steel sheeting. Its high compressive strength, thermoset construction and specially designed facings work seamlessly with all water proofing systems.

WATERPROOFING APPLICATIONS

BENEFITS

Waterproofing membrane can be applied directly to LAMBDABOARD®

Reduced labour fatigue – no board required

Environmentally friendly

Superior insulation properties

Excellent compressive strength

Zero shrinkage

IDEAL FOR

- Inverted roofs
- Under screed with waterproofing overlay
- On top of waterproofing with ballast overlay
- Directly under waterproofing membrane

DISAVOWAL: The customer acknowledges and understands that after delivery, the goods will have left the control of Rigifoam (Pty) Ltd, and that the customer will be responsible for the unpacking of and connection/installation of the goods. The customer acknowledges that it is his/her further responsibility to ensure that a fully qualified and competent person is used to install the goods to ensure their effective operation. Failure by the customer to ensure the installation of the goods, according to the written instructions of the manufacturer and/or supplier, by a fully qualified and competent person, may result in the failure of the goods, injury, loss or damages to the customer. Accordingly, and in this event, Rigifoam (Pty) Ltd accepts no responsibility for any loss or damages that might arise by reason of death or personal injury to any person engaged in the installation or use of the goods thereafter, subject to the provisions of the Consumer Protection Act 68 of 2008.
