The ROBUS 3W Emergency LED non-maintained downlight is the perfect fitting for high traffic areas needing emergency illumination. Compact, sleek and easily installed, the ROBUS fitting comes with a separate green light charging LED indicator and also tilts by 20 degrees offering the designer some flexibility when installing the product. The 3 hour battery backup automatically activates in the event of a power failure. The driver and indicators are all connected using male / female connection points to assist installers at time of insertion. This product is available in Warm White colour temperature and carries a 2 year warranty.

**PACKAGING:** Cardboard box, protected for shipment.

**INSTALLING:** Direct connection to 220V power

**WARRANTY:** 2 -year manufacturing warranty - incorrect operation, misuse or unqualified installation could result in the warranty being voided. Please contact Lighting Revolution for further explanation on these guidelines.

**PRICE:** Please contact Lighting Revolution for an official quotation.
