This ROBUS fire-rated LED downlight offers the best of LED including lifespan, energy-efficiency and reliability along with the attributes everyone enjoys from halogens: bright light output, control, warm colouring and dimmability. It is the best of both worlds and uses high spec chips (CREE) along with Philips integrated chip in driver for enhanced performance and control. The product is **fire-rated** and will retain the integrity of 30,60 and 90 minute fire-rated ceilings. It is also IP65 compliant and has a "plug and play" installation with quick connectors and standard 60mm cutout size.

**PACKAGING:** Cardboard box, protected for shipment.

**INSTALLING:** Direct connection to 220V power

**WARRANTY:** 5-year manufacturing warranty - incorrect operation, misuse or unqualified installation could result in the warranty being voided. Please contact Lighting Revolution for further explanation on these guidelines.

**PRICE:** Please contact Lighting Revolution for an official quotation.
