

**PRECISION  
METERS** PTY LTD  
YOUR PARTNER IN WATER MEASUREMENT

Precision Meters (Pty) Ltd is a South African based company that provides water metering solutions locally and to the Sub-Saharan Africa region. Together with our partner companies we design, develop, manufacture, assemble and support the sale of cutting edge water meters to residential, agricultural, commercial, and water management companies globally.

Precision Meters (Pty) Ltd has a state of the art SANAS Accredited Laboratories, managed by a fully qualified and experienced Quality Control Manager.

Copies of certificates for our approved meters are available on [www.precisionmeters.co.za](http://www.precisionmeters.co.za)

We also offer independent testing and verification services of all makes of used meters from 15mm to 150mm.

Meters are verified as required by SANS 1529-1 and a SANAS Verification Certificate will be issued indicating the results of the tests done.

Precision Meters (Pty) Ltd supplies a wide range of water meter products. These include high accuracy mechanical water meters, electronic water meters, analogue/ digital displayed meter registers, flow and pressure logging devices and smart metering solutions for residential and industrial sectors.
