

Staron® introduces the Supreme™ Collection that adopts the look and beauty of natural stone, while taking on the advantage of the easy maintenance and joining capabilities of solid surface. The Supreme™ Collection features distinct wave patterns in different hues and clarities. The collection features fourteen colours, including four brand new colours for 2017.

**NEW COLOUR 2017**

Staron® Colour: **Beige Granite**

A natural beige background with deeper hazy veining and fine particulates that will create a luxurious and distinguished project application.

## NEW COLOUR 2017

Staron® Colour: **Cotton White**

A gentle white hue, with soft natural coloured smokey veining throughout. This colour will create a comforting and warm environment.

**NEW COLOUR 2017**

Staron® Colour: **Morning Sky**

This colour adopts the crisp white morning sky, with soft cloudy veining. Morning Sky creates a fresh and clean look and feel to any application.

## **NEW COLOUR 2017**

**NEW** Staron® Colour: **Urban Grey**

Obtaining its colour inspirations from city life with concrete, high rise buildings and metals, this soft grey features darker grey veining and fine grey particulates.

Staron® Colour: **Cloudbank**

Combines the duality of a soft white cloudy sky and the grey of the city cement, with soft patterns and cool colours that create a soothing environment.

Staron® Colour: **Dandelion**

Comprised of warm earth tones from nature's palette and patterns in organic forms, this colour creates an inviting, refined natural atmosphere.

Staron® Colour: **Dawn**

Even the bustle of city life is silenced by the calm warmth of dawn. This pattern emulates rhythmically divided concrete exteriors with re-interpreted greys that produce a tranquil modern space.

Staron® Colour: **Delphi**

Brings to life the sublime purity and spirit of white. It features many definitions within white and how powerfully it can transform a space, with a crisp white background and subtle, soft white waves.

Staron® Colour: **Loam**

Deep rich browns that express a luxurious and peaceful feeling.  
With dark earthy tones highlighted by lighter sandy patterns,  
this colour will create an opulent atmosphere.

Staron® Colour: **Magnolia**

Peeping out shyly like the delicate buds of white blooms that have caught drops of moisture in the morning mist. With fine particulates and a soft smoky haze that creates serenity in any application.

Staron® Colour: **Natural Bridge**

Echoes nature's soft and lasting limestone.  
Combining tone-on-tone colours and patterns in a  
gentle feathery embrace that creates a safe and warm space.

Staron® Colour: **Ocean View**

When the waves break on the shores of a white beach, the foamy water droplets splash apart into organic forms that feel refreshing and natural. In the same way, this colour will emit a subtle shimmer that creates a fresh atmosphere.

Staron® Colour: **Pastoral**

The elements of a quiet countryside with clean air. The shapes of field and sky are minimised to a hue that expresses an earthy simplicity.

Staron® Colour: **Presto**

The dark night, deep sea, and the moonlit waves are united in a pattern of black, blue, and green shades whose unknown depths reflect the wonders of mystery. Presto will create a luxurious and distinguished atmosphere in any space.

***The printed colours of Staron® are representations only. Due to the veined nature of the Supreme Collection, there may be a subtle difference between the printed representation and the real material. Please view a product colour sample to ensure you are happy with your colour selection. Request samples at [staron.com.au](http://staron.com.au) or by contacting your local Staron® representative. Please discuss how joins will appear in your application with your fabricator.***

Staron® Solid Surfaces is manufactured from a natural mineral refined from bauxite and blended with pure acrylic resin. Staron® is suitable not only for commercial projects, but for endless applications around the home including kitchens, bathrooms and laundries.

### ***Flexible in Design***

With a range of over 80 colours to select from, Staron® offers the most extensive range of solid surface in Australia. Staron® is both aesthetically and functionally pleasing. It can be thermoformed into flowing curves or sculpted into any shape imaginable. The flexibility of Staron® extends to limitless edge profiles, drop down edges, splashbacks and tile coves. Selected Staron® colours are also translucent and can be backlit to bring your design to life.

### ***Repairable, Hygienic & Durable***

The non-porous nature of Staron® provides a surface that no stain can penetrate - providing a durable benchtop that is hygienic and easy to clean. Staron® is also repairable and renewable. Even after years of use it can simply be sanded, thus restored back to its original condition. Staron® does not have any finishing polishes or sealers applied, it is the same solid material throughout its thickness. Because of this nature, every wipe to your benchtop will rejuvenate the surface.

### ***Smooth***

Staron® has a smooth finish – it creates long and wide continuing surfaces with no open or conspicuous joins. With a collection of integrated Staron® kitchen sinks and vanity bowls – a smooth benchtop space can be created. No dirt trapping joins or crevices to clean, just one continuous surface that looks and performs like one piece.

### ***10-Year Limited Warranty***

Staron® is an affordable quality solid surface backed by a 10-Year Warranty for peace of mind. Staron® is a homogeneous and solid mineral-filled acrylic polymer material so that it is easy and convenient to care for and maintain. Simple routine maintenance is required to keep it looking new and fresh
