Schneider Electric Iconic® Collection

Introducing our next generation platform
designed with electricians for electricians.

Schneider Electric Iconic is a modern electrical accessories range, based on a slim, sleek, clean design that is easy to customise and blends in with your environment.

It's loaded with clever features.

New game changing compatible modules and grids with changeable skins and dollies for unrivalled customisation now and in the future.

Locking bar allows simple mech reorientation and sturdy locking for a fast, easy install, reducing the risk of mech pushbacks.

Schneider Electric Iconic's Extra White skins offer a sleek and clean look for all switches and sockets.

Customisable and future-ready.

Innovative integrated protective screw covers helps to prevent screw access after installation, allowing skins to be changed at any time.

Schneider Electric Iconic switches are quick and easy to personalise with modern skins that even your customers can change.

Schneider Electric Iconic is future-ready allowing for style and function updates in the coming years.

Clean design that
blends in with your
environment

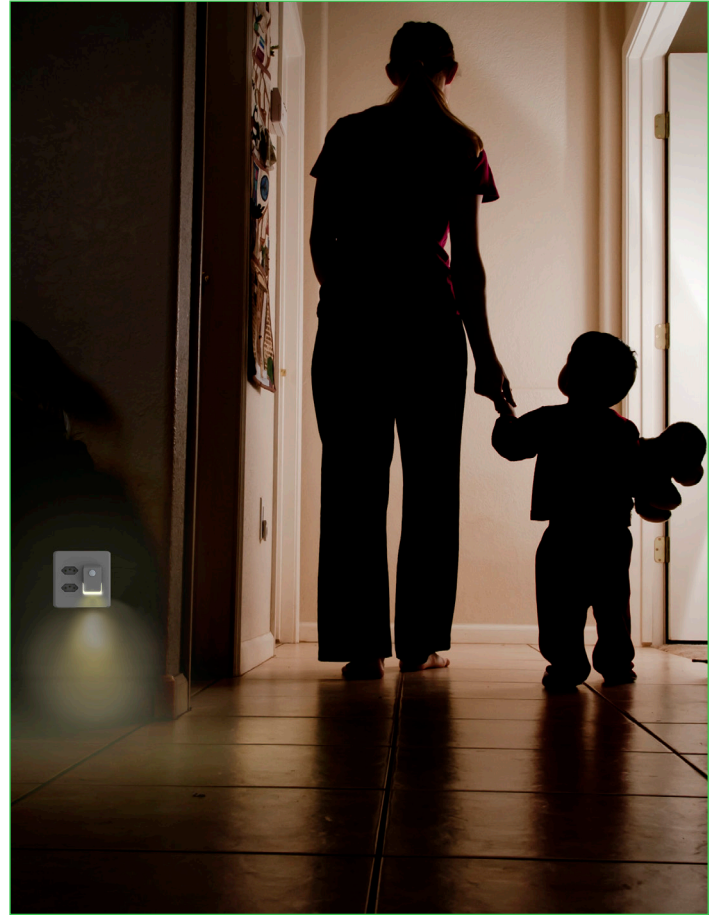

New Functionality

Switches combination with rotary dimmer

LED Function

Night walk sensor light skin

Schneider Electric Iconic features changeable skins, innovative features and enhanced connectivity.

In this all-new platform, we've thought of everything including new sockets, switches, timers, USB chargers, new features, and more. We've also designed Schneider Electric Iconic with features that greatly simplify installation, and developed new products to adapt to your lifestyle.

All-new 40 series modules

Schneider Electric Iconic switches and electronic accessories feature the all-new 40 series modules designed for optimum flexibility in up to 6 lever grids. The grids make changing from vertical to horizontal orientation simple, and locking bars reduce the risk of module pushbacks.

New innovations

Schneider Electric Iconic introduces a new Night Walk skin, which replaces the standard quatro socket skin, featuring an integrated motion sensor that switches on when it detects movement. LEDs illuminate the way when someone gets up at night, without disturbing others.

Enhanced connectivity

Schneider Electric Iconic includes a comprehensive range of options for all modern network connectivity requirements. With modules for RJ45 networking, HDMI sockets and audio cable entry plates, you have everything you need for complete home networking.

Designed to Suit a Range of Décors

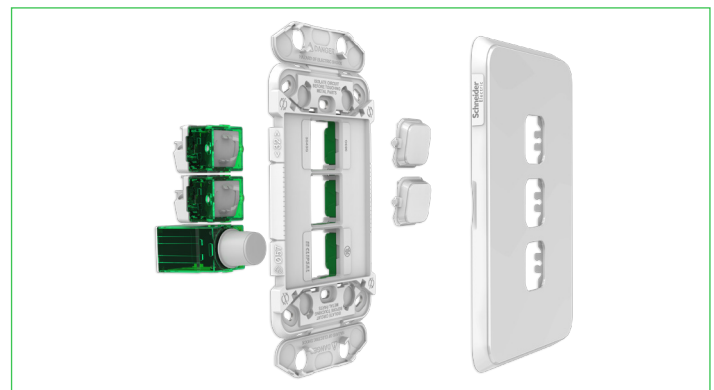

Optional skin colours with a stylish design

New skin designs to suit your decor

Schneider Electric Iconic offers modern skin designs in three colour variants in addition to the Extra White for switches. Anthracite is subtle and inviting, Champagne relaxation with its sandy tones. Silver Satin is crisp and clean, enhancing cooler tones.

Modern designs in a range of skin colours

Schneider Electric Iconic offers unlimited flexibility for switches to suit any interior design, with standard white skins, plus a modern and stylish new design to suit any decor of your walls.

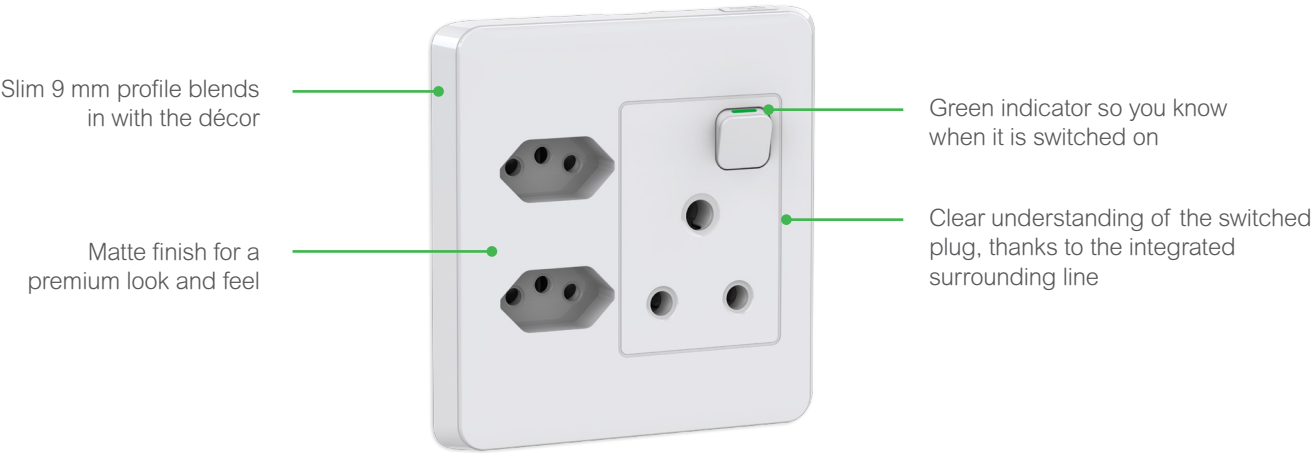

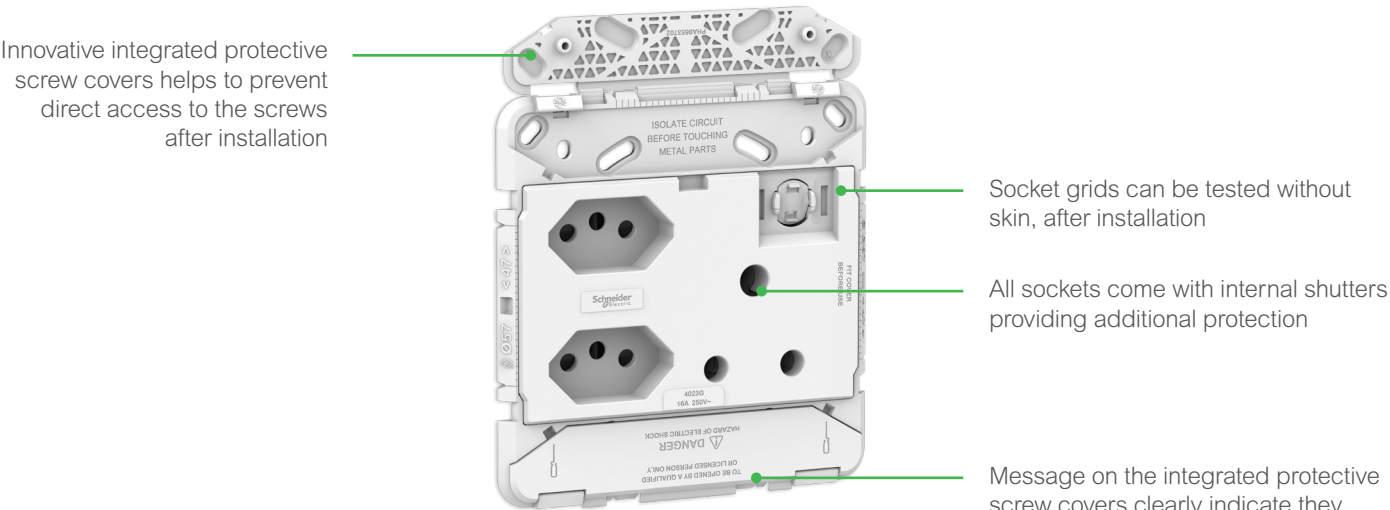

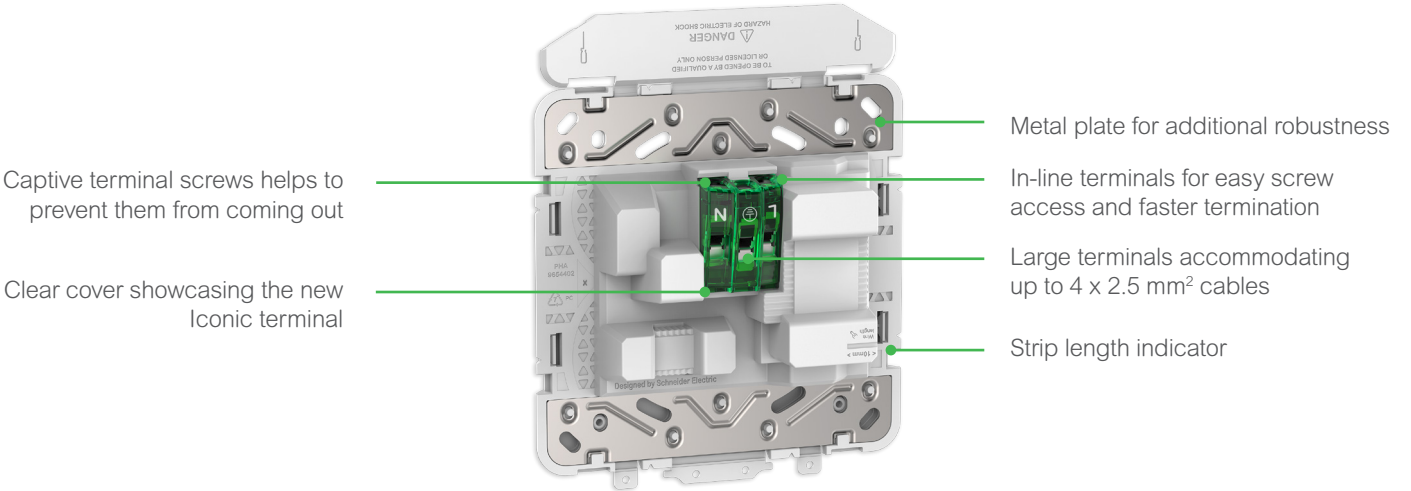

Modular design / Easy skin changes

Changeable skins

Schneider Electric Iconic grids and skins for switches have to be ordered separately. Innovative integrated protective screw covers helps to prevent screw access after installation, allowing skins to be changed at any time. Giving customers the ability to change the skins themselves at anytime, should they want a new style.

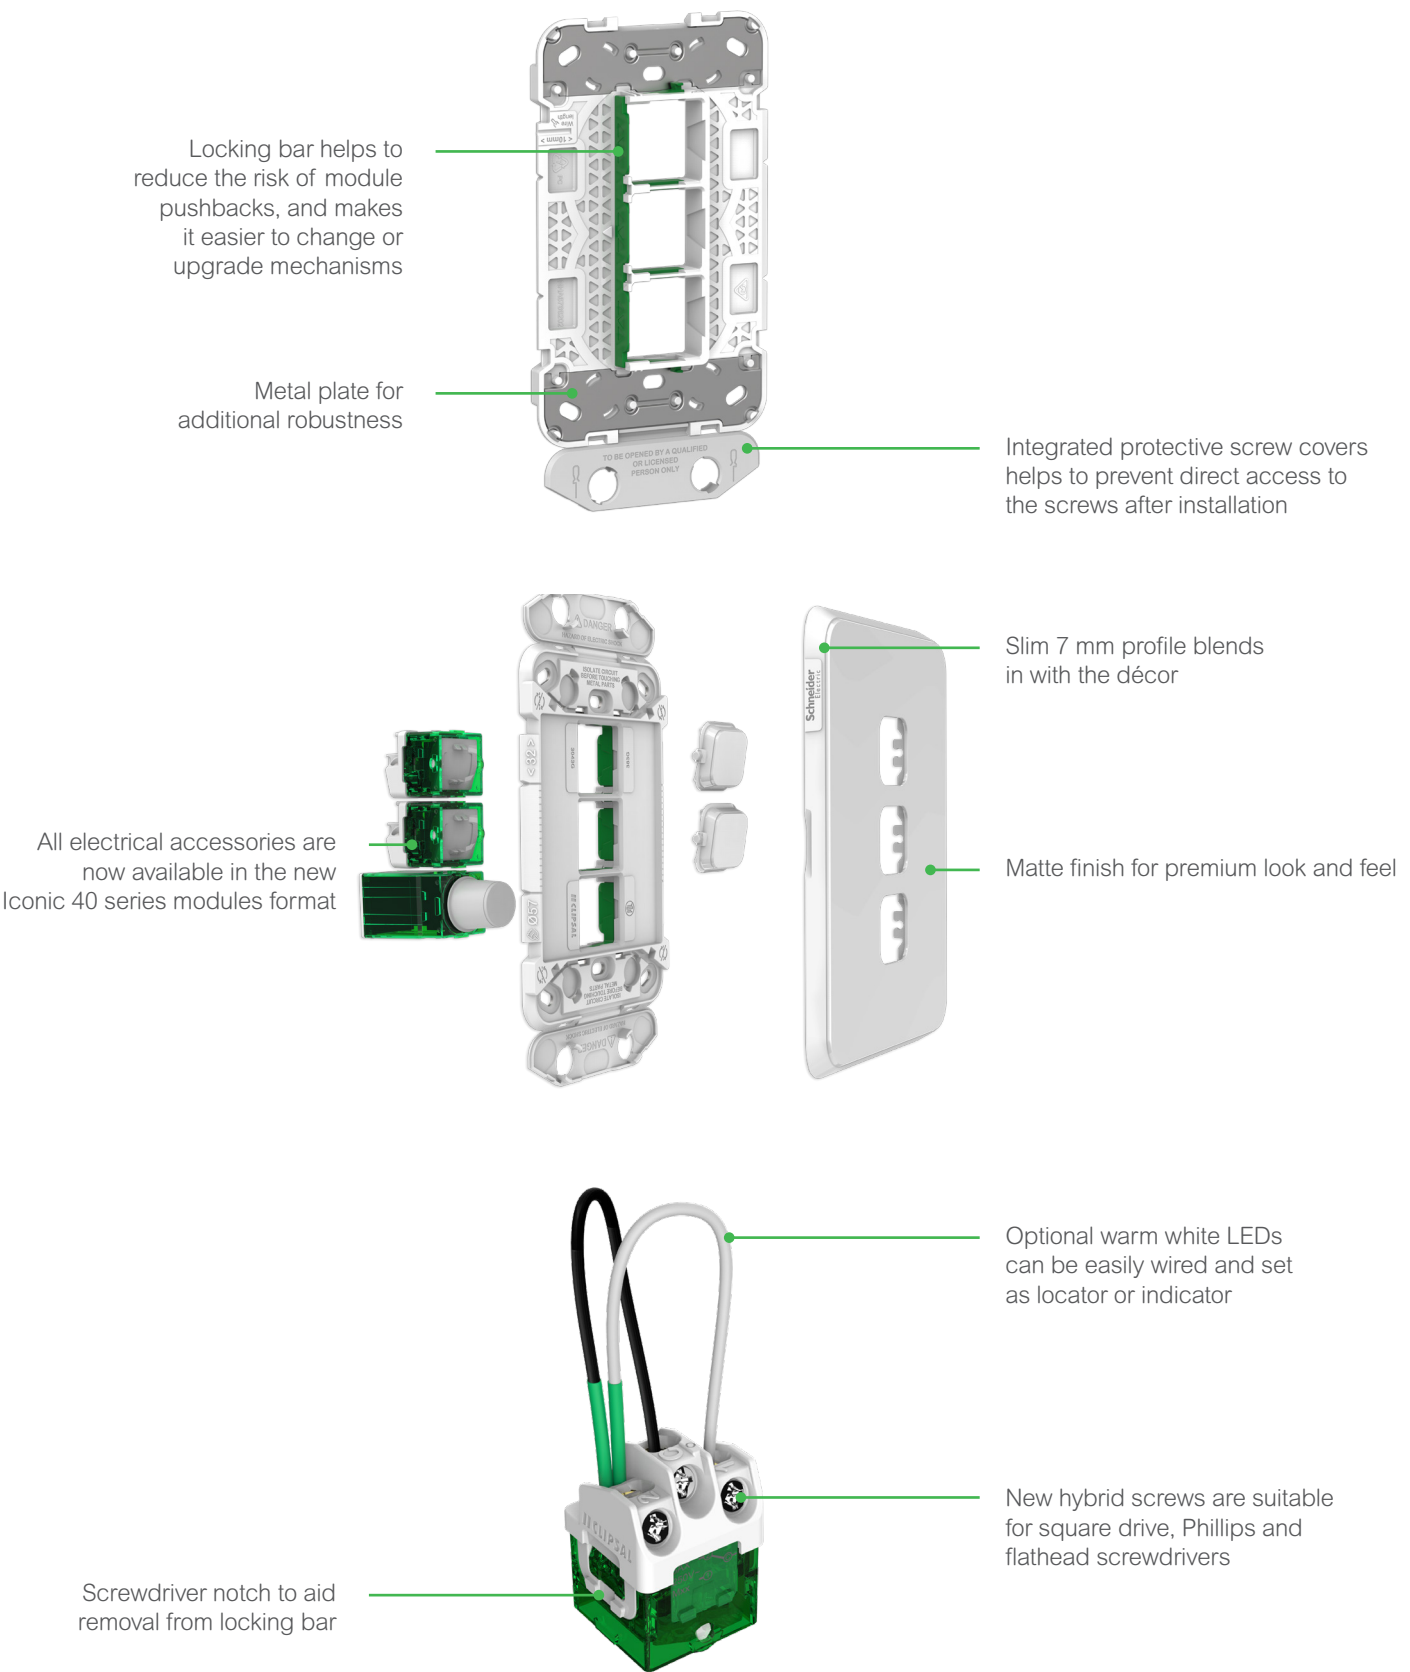

Sockets With a Difference

Schneider Electric Iconic features loads of new innovations like integrated protective screw covers and in-line terminals.

Clever Switch Innovation

Schneider Electric Iconic grids feature new integrated protective screw covers, 40 series modules for easy installs and customisation.

Iconic® Styl. Irresistibly modern

Silver Satin (SS)

Anthracite (AN)

Champagne (CH)

Iconic Styl adds elegance, texture and modern simplicity with three metallic finishes.

These slim, stylish skins are designed to clip directly onto standard Iconic grids and to make a statement in any home.

Iconic Styl is an irresistibly beautiful design made from durable aluminium material with a high quality anodised finish. The surface is sandblasted for a modern 'satin' appearance and the rounded edge plays with light creating beautiful reflections.

Electronic Accessories

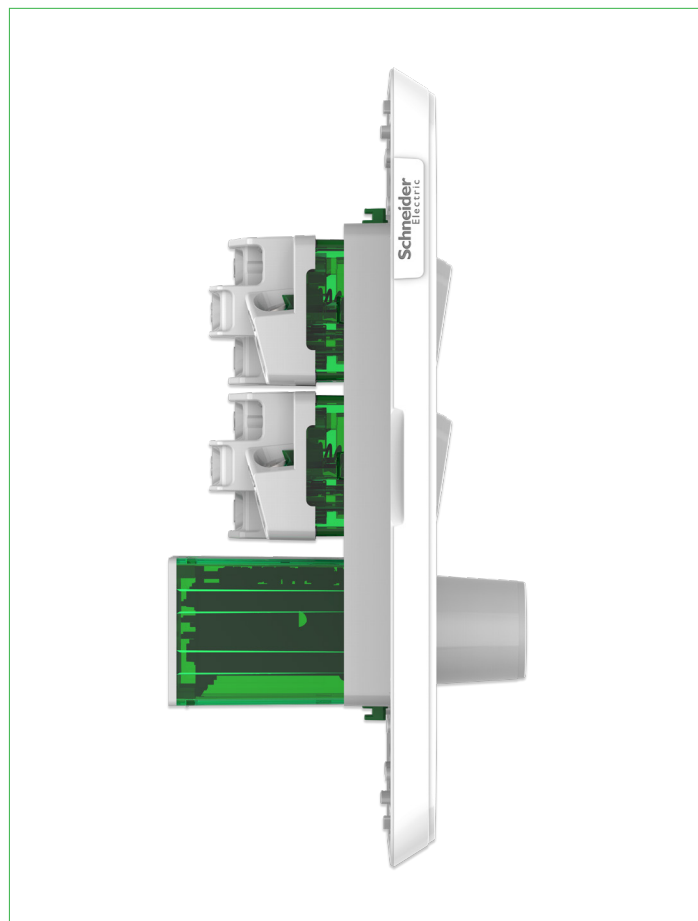

USB module with built-in current management and rotating head

Electronic Rotary Dimmer

PIR Motion sensor module

Flexibility to mix with any others module

Schneider Electric Iconic electronic accessories are designed for clever functionality.

Electronic accessories fit Schneider Electric Iconic switch grids. Locked in place with the module locking bar, they can be easily changed to suit vertical or horizontal orientation. The range includes rotary dimmers, timers, time clocks, USB chargers and PIR motion sensor modules.

Rotary dimmers

Schneider Electric Iconic electronic products include rotary dimmers. Rotary dimmers adjust light from 1-100% with configurable minimum brightness settings. They come with built-in, re-settable, short circuit and over-temperature protection, and are optimised for compatibility with Schneider Electric TPDL series LEDs.

USB charger

Schneider Electric Iconic USB chargers have a rotatable head for easy reorientation. They also include a current management technology, which reduces the output current and helps to prevent overheating while minimising charge times.

PIR Motion sensor modules

The Schneider Electric Iconic PIR sensor module is simple to install and configure with front light level and timer adjustment. It is ideal for hands free lighting control in entry ways, Walk In Robe, pantry, hall ways or stairs.

Network Connectivity

Simplified network connector combinations with Cable Entry Module

New USB socket with Type A and Type C plugs

Schneider Electric Iconic includes a range of network connectivity products for a professional home network.

Schneider Electric Iconic has a broad offer for home data, TV and audio connections, allowing you to easily meet customer requirements for networking, audio and video installations.

Audio, video and networking

Schneider Electric Iconic includes a wide range of audio, visual and networking modules to suit any home application. TV's can be connected to gaming consoles, IPTV and Pay TV boxes through F-Type connectors and HDMI cable series modules. RJ45 connectors can be used for home networking.

Flexibility of 40 series module grids

No two home networks are the same, which is where the new NCO 40 series module connectors make every set-up much simpler. You can use combinations of modules in up to 6 lever grids, providing a broad range of end user requirements.

Actassi networking

Cat6 provides peace of mind with high performance and bandwidth.

Sockets, Switches and Modules

Schneider Electric Iconic offers one to 6 lever metal reinforced grids with mech locking bars for multiple combinations of 40 series module products.

Switches

4011W1_XW
Switch, 1 Lever, 1 way
with skin 10 AX, 250 V

4012W1_XW
Switch, 2 Lever, 1 way
with skin 10 AX, 250 V

4013W1_XW
Switch, 3 Lever, 1 way
with skin 10 AX, 250 V

4014W1_XW
Switch, 4 Lever, 1 way
with skin 10 AX, 250 V

4011W2_XW
Switch, 1 Lever, 2 way,
with skin 10 AX, 250 V

4012W2_XW
Switch, 2 Lever, 2 way,
with skin 10 AX, 250 V

4011BP_XW
Switch, 1 Lever Bellpress
with skin 10 AX, 250 V

4012W1BP_XW
Switch 1 Lever Bellpress
+ 1 Lever 1 way with skin
10 AX, 250 V

Isolator Switches

4011D45_XW
Switch, DP 45 A
Isolator with skin

4011W1IP44_XW
Switch, IP44, 1 Lever,
1 way with skin 10 AX, 250 V

4012W2IP44_XW
Switch, IP44, 2 Lever,
1 way with skin 10 AX, 250 V

Assembled Grids and Mechs

4011W1AG
Assembled Switch Grid,
1 Lever

4012W1AG
Assembled Switch Grid,
2 Lever

4013W1AG
Assembled Switch Grid,
3 Lever

4014W1AG
Assembled Switch Grid,
4 Lever

Sockets, Switches and Modules (continued)

Styl Switch Skins - including colours

S4011C_SS*
Switch Skin,
1 Lever

Switch Grids and Skins

4011GC_XW
Gridplate, 1 Lever
with skin

4012GC_XW
Gridplate, 2 Lever
with skin

4013GC_XW
Gridplate, 3 Lever
with skin

4014GC_XW
Gridplate, 4 Lever
with skin

4015GC_XW
Gridplate, 5 Lever
with skin

4016GC_XW
Gridplate, 6 Lever
with skin

4042GC_XW
Blank Plate, Grid+Skin,
2*4 Format

4044GC_XW
Blank Plate, Grid+Skin,
4*4 Format

4044GC6L_XW
Blank Plate, 6 Lever,
Grid+Skin 4*4 Format

Sockets

4023_XW
Socket Combo, 1SA,
2 EURO, with skin 16 A

4022NWC_XW
Night walk sensor light,
2 EURO, Skin, 16 A (To be
plugged in a Quatro Socket
grid ref: 4024_XW)

4022_XW
Socket Twin, 2 EURO,
with skin, 16 A

4022USBAC_XW
Socket, 2 EURO + 2 USB
A&C, with skin, 16 A

4024_XW
Socket Quad EURO,
with skin, 16 A

Sockets, Switches and Modules (continued)

40 Series Modules

40MW1
Mechanism Switch,
1 way, 10 AX, 250 V

40MW2
Mechanism Switch,
2 way, 10 AX, 250 V

40MBP
Mechanism Switch,
Bell Press, 10 AX, 250 V

40MDP20
Mechanism Switch, 1 way,
Double Pole, 20 AX, 250 VAC

40MIT
Mechanism Switch,
Intermediate, 10 A, 250 V

40LEDW40TR
LED, Warm White,
with trans.rocker, 5pcs

40LEDW
LED, Warm White,
5pcs

Electronic Accessories

Schneider Electric Iconic electronic accessories offer clever functionality to the home.

Rotary Dimmer

Available in LED and universal models, offering adjustable minimum brightness to suit LED and many other loads.

40E350RLD2
Dimmer Rotary LED,
350 W, 2Wires

PIR Motion Sensor

PIR motion activated sensor mechanism for hands free lighting control.

40EPIR
PIR Motion sensor,
3Wires

USB Chargers

Single and double USB charger modules.

40EUSB2A
USB Dual Charging
Mechanism, 2*2.1 A

Network Connectivity

The Schneider Electric Iconic network connectivity offer includes all common connector options for the modern networked home.

Audio Connectors

RCA sockets for stereo speaker cables.

40RCA
Connector RCA
Audio RD+BK

TV Sockets and Plates

F-series sockets and plates for television broadcast coaxial cables.

40TVF
Connector, TV,
F Type, 3 GHZ

HDMI Sockets

Ideal for organising HDMI communications cables.

40HDMIA
Connector, HDMI A,
Angled Rear

Telephone Sockets

For organising telephone cables.

40RJ12TEL
Connector, RJ12,
4 PIN, Tel Symbol

Actassi RJ45 Sockets

High Performing RJ45 Sockets for connecting your home Network

VDIB17396UTN
Connector, RJ45,
CAT6, unshielded

Cable Entry Module

A modern cable entry module with Cord grip, delivering a sleek and clean design

40CE_XW
Cable entry, Cord Grip
Module
