CUSTOM-MADE

When ordering a non-standard product,
please take lead time, cost implications and
purpose-made guidelines into account.
For details visit www.swartland.co.za

SUSTAINABILITY IS DEEPLY INGRAINED

We pride ourselves on our integrity and insist that
our natural resources be utilised in a sustainable way.
After all, we're thinking long-term.

IN THE FOREST

Managed responsibly, wood is a renewable
resource. We give preference to responsible loggers
and use plantation-grown timber where possible. Our
staff carefully monitor the harvesting process on-site.

IN THE FACTORY

We're committed to reducing waste. Our recycling
programme uses excess wood chips to fuel the boilers that
kiln-dry our wood, while our air-management system
dramatically reduces harmful emissions.

IN THE HOME

Composite gaskets in all windows and selected
doors improve your home's thermal performance.

Est.  1951

SWARTLAND

EXPERIENCE QUALITY

Swartland offers three ranges of wooden doors to suit your application and budget.

All doors are made according to world-class manufacturing standards, and all ranges are leaders in their class.

Selected doors are SANS 613 certified and approved.

SANS613
CERTIFIED

CAPE CULTURE

WHEN ONLY THE BEST WILL DO

Our **CAPE CULTURE range** features our flagship products. All these products represent the very best of Swartland in terms of quality and guarantees.

STYLES: Patio, Sliding, Pivot-in-frame, Entrance, Interior, Door Frames.

WINSTERS

QUALITY YOU CAN AFFORD

Our **WINSTERS range** is our most popular range, providing features that allow the customer to experience Swartland quality at a competitive price.

STYLES: Pivot, Entrance, Patio, Fold-a-side, Sliding, Door Frames.

KAYO

VALUE FOR MONEY

Our **KAYO range** offers customers with a limited budget access to Swartland's world-class standards at an affordable price.

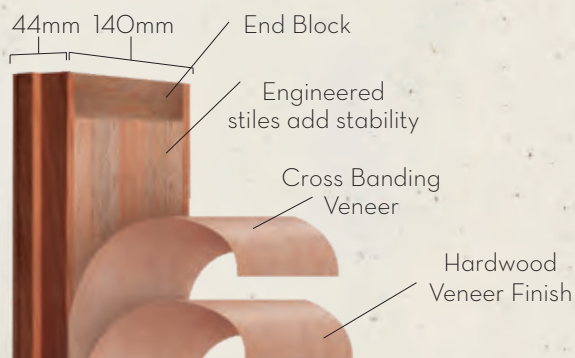

STYLES: Pivot-in-frame, Entrance, Interior, FLB Doors, Door Frames.

DOOR RANGE

Durability, craftsmanship and increased thermal performance are at the core of Swartland products.

We offer guarantees on all doors, backed up by knowledgeable national service teams.

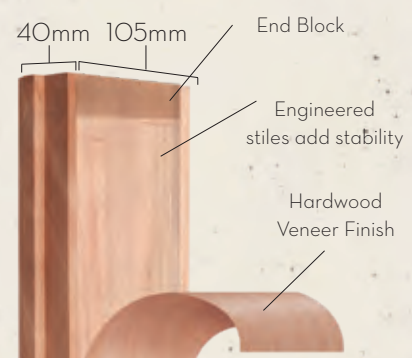

**CAPE
CULTURE**

STILE CONSTRUCTION

ENGINEERED STILES

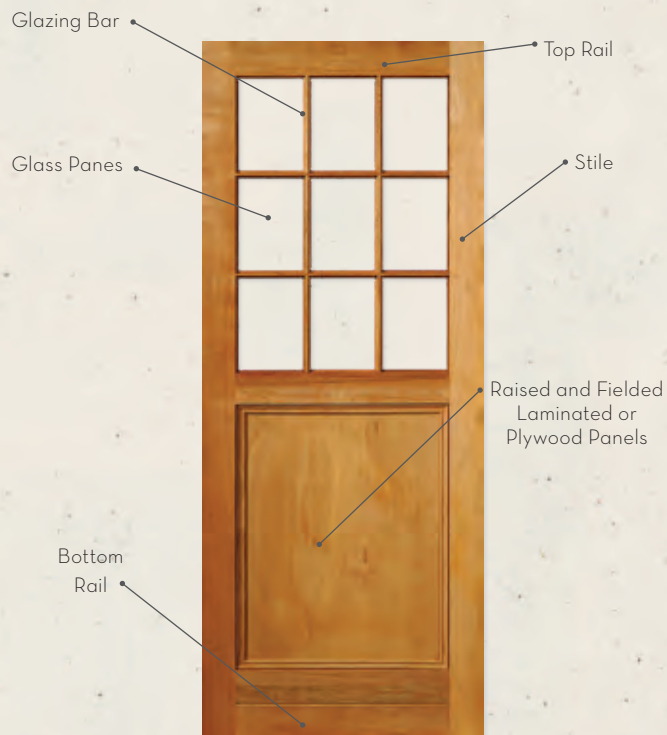

We use a unique configuration of hardwood pieces, laminated and joined to stabilise the timber.

PIVOT-IN-FRAME RANGE

Open your home and let nature in. These doors are able to span the largest opening of all our doors.

Fibreglass entry doors have the look of real wood, but will not swell, shrink, crack, warp or twist. They are weather-resistant, so they make excellent exterior doors.

These doors are delivered fully assembled and fitted with a stainless-steel barrel lock. The top pivot hinge is also stainless-steel, and fully adjustable.

ENTRANCE AND BACK DOORS

We have a wide range of front and back doors to choose from. This range includes a variety of panel configurations, designed for both traditional and contemporary homes. Stable doors are very practical and often used as a kitchen back door.

RAISED AND FIELDLED PANEL DOORS

Door frames can be delivered knock-down in kit form (Unassembled), e.g. KKYFDI/NS, to save on storage and transport costs, or assembled e.g. KYFDI/NS.

Always use KAYO door frames with KAYO doors. Please be aware that other manufacturers' rebate sizes may differ from Kayo and will not match Kayo doors.

SIDE LIGHT DOOR FRAMES

RECOMMENDED DOOR THICKNESS

NOTE: We recommend a door thickness of 38-40mm for the KAYO door frame range.

For detailed product specifications please visit www.swartland.co.za

HANDLING

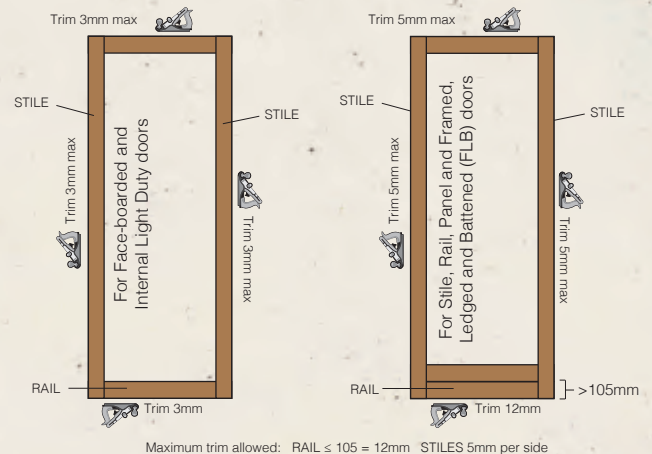

All products must be stored off the ground in a dry, well-ventilated area and kept out of direct sunlight. All surfaces in direct contact with walls or concrete must be sealed with a coat of water-based sealant.

DOOR INSTALLATION

TRIMMING SPECS

Drawing for internal doors.

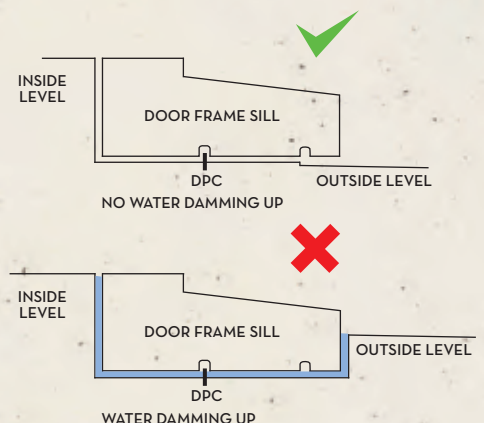

DRY ROT PREVENTION

We go to great lengths to seal our products thoroughly.

To limit dry rot, please ensure you adhere to the installation guidelines.

SWARTLAND

The Swartland story began back in 1951 with Oupa Hanekom in the small town of Moorreesburg - a few wheat fields north of Cape Town.

When his son, Oom Jurgens, took over the reins, he introduced his personal philosophy of “continuous improvement” to the business.

Today under the leadership of Jurie, James and Hans Hanekom, this desire to improve constantly is an integral part of the Swartland culture. It's a place where traditional values such as hard work and pride live in harmony with new technology and inspired ideas.

The results speak for themselves: our products are crafted to perfection, manufactured to last and backed by knowledgeable national sales and service teams.
