TITANIUM COLLECTION

TUFTED LOOP PILE TILES

Pile Fibre	100% Aquafil BCF Nylon 6
Backing	Enduroback KR4® (Modified Recycled Bitumen)
Fibre weight	600gsm - 700gsm
Total weight	4250gsm
Total thickness	7mm - 8mm
Protective Finish	Stain Shield
Location grade	Heavy Commercial
Fire rating	2
Standard Size	50 X 50cm
VOC Rating	Meets requirements of green star rating (GBCSA criteria)
Country of Origin	Manufactured in South Africa from local and imported raw materials.

Other sizes: 60 x 60cm, 100 x 100cm and 25 x 100cm are available on request.

BILL OF QUANTITIES

Titanium Collection tufted tiles with Enduroback KR4 (Modified Recycled Bitumen) made from 100% Aquafil BCF Nylon 6 in (design name), by Van Dyck Floors, laid in accordance with the code of practice for the installation of textile floor coverings (SANS 10186).

COLOUR VARIANCE

Care must be taken when ordering or installing carpeting in individual areas, as carpeting, like all textile products, is subject to shade variation between batches.

CAUTION:

Colour fastness to light: Dyes are selected for their performance and repeatability to commercial standards, but colours can fade when exposed to harsh, direct sunlight. Adequate precautions must be taken to protect the carpet against such exposure to prevent premature fading or damage.

FURNITURE

Place protectors or carpet off-cuts under furniture to prevent crushing of carpet pile and eventual damage to the backing. Rearrange furniture from time to time to allow pile to recover and change traffic paths. Use carpet protector mats for chairs with castor wheels.

SATISFACTION

Due to dye lot variations and machine settings, actual material may vary from the sample. However, this variation is kept within exacting standards as laid down by SANS 1415. Construction of some carpet may involve the occurrence of shift lines across the width of the carpet. Certain light sources shining across the surface may emphasise the effect of shadow lines. These are not a manufacturing defect and will not detract from the carpet's performance.

Maintenance

Enhance the performance and appearance of your carpet by following these steps: • Use quality Dirt Off walk off mats. • Vacuum thoroughly and frequently. • Remove spills and marks immediately. • General clean by a SETA Qualified Cleaner.

>> Helpful Hint

Whilst the light colours in the range are extremely attractive, they are high maintenance. They show soil quicker than darker colours and need frequent cleaning. We accept no liability on soiling, as this is maintenance related and not a manufacturing defect.
