

# WOOD VENEERS

*natural wood veneers to enhance your finishings*

LIGHT WOOD FINISHES enhances your décor through a natural harmony. The light wood qualities of Maple, Beech, Oak, Cherry and Rosewood create a unique ambiance to any room. These surfaces contrast well with stainless steel and aluminium fittings and finishes.

*Maple*

*Beech*

*Oak*

*Cherry*

*Rosewood*

NOTE: Owing to the processes of nature, colour samples may differ considerably from the original. Should you want to match an existing colour, we recommend staining to a sample.

DARKER WOOD FINISHES create a bold ambiance and lends itself to contrasting décor. The darker wood possesses qualities of Kiaat, Etimoe, Walnut, Mahogany and Wenge that display intensity and depth.

*Kiaat*

*Etimoe*

*Walnut*

*Mahogany*

*Wenge*

NOTE: Owing to the processes of nature, colour samples may differ considerably from the original. Should you want to match an existing colour, we recommend staining to a sample.
