

LANDSCAPE PRODUCTS

ENHANCING EXTERNAL ENVIRONMENTS

A subsidiary of Aveng Africa (Pty) Ltd, Aveng Infraset Landscape Products offers full scope to the creative talents of landscape designers, architects, civil engineers as well as all DIY enthusiasts involved in enhancing external living spaces. Innovative and diverse, and manufactured to stringent quality standards, our wide-ranging product offering is specifically designed to nurture sustainable and eco-friendly environments.

Many of our products have been used on several of South Africa's iconic landscaping projects and include:

- Paving and permeable paving blocks
- Retaining wall blocks
- Kerbing
- Embankment seating
- Erosion control systems.

Paving

Fashioned in numerous shapes, sizes and colours, our paving blocks include the Villa flagstone range and one of the world's leading permeable paving systems, Uni-Ecolok. These products can be found in many of the country's most admired paving projects, including:

- Soccer City, Nasrec, Hillbrow Upgrade, Monte Casino and Ollivedale Retirement Village in Johannesburg
- Waterfall Park, Blue Hills and Steyn City in Midrand
- Jean Crossing in Tshwane
- And a permeable paving project for Alchemy Architects in Johannesburg.

Retaining wall blocks

Our retaining wall blocks offer a wide range of best-practice options designed to offer attractive and cost-effective embankment stabilisation for major industrial, retail and commercial projects as well as for the community and housing markets. Some recent major projects include:

- The Grove Shopping Mall in Tshwane; Ollivedale Retirement Village in Johannesburg; Massmart Warehouse in Midrand; Emoyeni Mall near Nelspruit and Tunney Ext 12 in Germiston.

Exceptional quality

Aveng Infraset Landscape Products has a reputation for consistently exceeding client expectations. All our products are manufactured to national quality standards in accordance with SANS 508 and SANS 1058 and our factories are all SABS ISO 9001-2008 accredited. Moreover, our entire paving range has been awarded CMACS (CMA Certification Services) certification in compliance with SANS 1058. CMACS approval on all our other product categories is imminent.

B-BBEE status

Aveng Infraset operates to B-BBEE Level 3 status.
