

BEVEL

The Bevel is a trusted favourite across the paving industry sectors for many years. The Bevel is manufactured in a 50mm thick version only.

Product features

Bevel elegance

- Warm subtle colours
- A texture that blends naturally into the environment
- Non-slippery when wet
- Moss resistant
- Exciting and interesting shapes and designs can be created.

Bevel precision

- Strong and durable
- No grouting needed
- Easily lifted and replaced
- Easy maintenance

Bevel versatility

- Driveways, walkways, pedestrian malls, patios, pathways and pool surrounds.

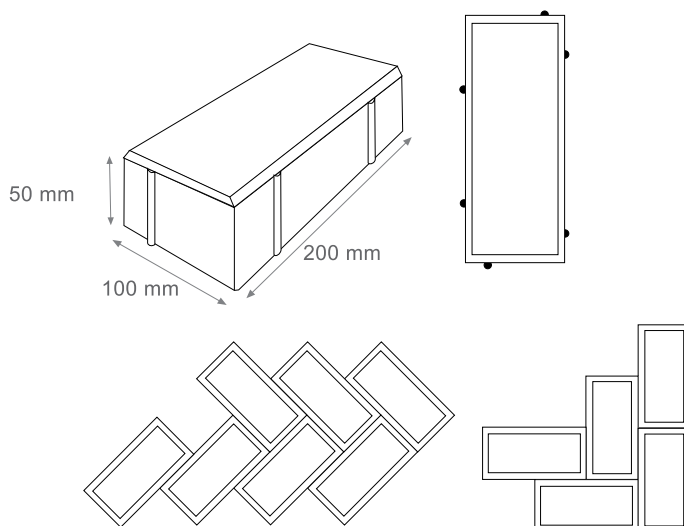

Anywhere you need a surface that looks good, lasts longer and is virtually maintenance free.
