IMPORTANT SAFEGUARDS

attachments:

If the external flexible cable or cord of this luminaire is damaged, it should be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard. To ensure that you get maximum longevity and maximum use out of your luminaire, please observe the following safety instructions.

 Electrical products can cause death, injury, or damage to property. Installation of the luminaire must be carried out by a qualified electrician, in accordance with SANS 10142. On completion of installation, ensure that the Certificate of Compliance is updated.

- Before connecting the luminaire, ensure that voltage indicated on the rating label corresponds with the mains voltage in your home.
- When changing the lamp, ensure that the power is turned off.
- Ensure that the correct lamp type and wattage is fitted.
- This luminaire is checked in full for conformity to the quality standards and safety requirements.
- The manufacturer / supplier is not responsible for any damage of properties and persons, caused by the incorrect use or installation of the luminaire.
- Should you be unsure of how to install this luminaire correctly, please consult a professional electrician or your supplier for assistance.
- Ensure all items / components, threads and screws are tightly secured.

IMPORTANT:

- Tampering with this luminaire, i.e. using silicon sealers or incorrect cabling, will invalidate your warranty.
- When the protection glass is damaged, it should be replaced immediately.
- Please check whether the connection of the power cord is safe and reliable before installation.
- If your mains wiring differs in any way from diagram luminaire, consult a qualified electrician.
- Always ensure that the mains supply voltage is correct.
- Always replace the lamp with one of an identical rating and wattage.
- Choking hazard: May contain small parts. Keep away from children.
- Do not insert your fingers or any part of your body into the electrical contact and sockets of this product whilst it is connected to the electrical supply.
- Item may vary slightly from the picture on the carton.

SPECIFICATIONS

- **Fitting:** Polystyrene
- **Lamp type:** **C670:** Including 1 x 6W Integrated LED
C671: Including 1 x 12W Integrated LED
C672: Including 1 x 18W Integrated LED
C673: Including 1 x 6W Integrated LED
C674: Including 1 x 12W Integrated LED
