

Our Ref: Innov/Letters/Gundle Plastics

11 May 2011

**Attention:** Mr. Deon Enslin

C/o Gundle Plastics Group  
PO Box 746  
Germiston  
1400

Dear Sir,

### **GUNDLE PLASTIC GROUP'S PRODUCTS**

This letter serves to inform that the National Home Builders Registration Council (NHBRC) is not a standards certifying body. The certification of products and systems is done by the SABS and are deemed to satisfy the requirements of the National Building Regulations.

The Gundle Plastic Group's range of 3 layer construction membranes has been tested and approved by SABS as set out in SANS 952-1:2010 and bear the SABS certification mark.

The NHBRC also acknowledges your active Agrément certification and confirms that (as per Part 2 Section 10 of the Home Building Manual) "Should a system or element have an active/current certificate of approval issued by Agrément South Africa, such a system or element may simply be submitted, together with a copy of the relevant Agrément Certificate(s) and duly completed certificates in Part 1 Section 3, Appendix C (C1)."

Yours Sincerely,

**Jeffrey Mahachi** (Pr.Eng, Pr.CPM)

**Executive Director - Technical & IT - NHBRC**
