DATAGUARD NT

FIRE-RESISTANT DATA MEDIA PROTECTION

NT Fire 017
120 Diskette

KEY FEATURES

- Certified by RISE (Research Institutes of Sweden) in accordance with fire resistance class NT Fire 017 – 120 Diskette for two-hour protection of data media from fire.
- Single-door safe with no insert required – maximising internal capacity and up to 60% more storage space than other safes in the same class.
- User-friendly, slam-action door. When shut, provides full fire protection without needing to be locked.
- Adjustable shelving and drawer units supplied as standard.
- Available in four models, ranging from 30 to 128 litres.
- Choice of key or electronic locking.

*Using pull out drawers for best access; capacities can be higher if shelves are used and media is stacked like bricks.

LOCK OPTIONS

All models can be fitted with either a key lock or an electronic lock. The electronic lock has a programmable six-digit code which can be set by the user.

INTERNAL FITTINGS

A shelf and extendable drawer(s) accompany each safe as standard (see Product Specifications above). These can be adjusted using the safe's internal ladder racking system. Additional shelves and drawers can be supplied on request.
