

# Boreal Selection

Performance Doors  
with Decorative  
High Pressure Laminates

# High Pressure Laminate Finishing

suitable for all type of door configurations.

---

The Boreal range is suited to all public and residential projects. The diverse ranges of door sizes available allow various types of doors to be created, from standard to bespoke.

## Reliable

Our clients recommend the Boreal laminate range for the quality and technical reliability.

Over 70 years of expertise allows us to propose high quality, innovative solutions.

Some of the laminates can be provided with anti-fingerprint properties.

## Creative

We collaborate with external experts to select decorative products in line with the current and future trends.

We collaborate with designers of our laminate suppliers to offer you the best surface finishes.

## Responsible

We always purchase from our suppliers door format laminates.

We commit daily to reducing energy consumption and waste production.

Some of our laminate suppliers provide us an anti-bacterial surface guaranteeing the destruction of 99,9 % bacteria without additional costs.

Low emission substract and VOC A+ French classification.

## Hard Wearing & Resistant

Multi-purpose and robust material suitable for all project types.

Very high resistance for high circulation areas.

Quick and easy cleaning (non porous surface).

# Our Sectors

---

High Pressure Laminate is an extremely stylish, versatile and durable surfacing material used for multiple applications and sectors.

Our selection of Boreal samples are available on request and pricing is the same across the Boreal range.

## Hotel & Leisure

From public areas to guest rooms, to back-of-house environments, this is how your story unfolds—with style, performance and lasting first impressions.

## Residential

Boreal selection offers a flattering collection of decors sure to suit any style. From rich or cool neutrals to bold or subtle patterns, the creative possibilities in this collection are limitless.

## Education

To inspire a lifetime of learning over multiple generations, facilities need materials that can embrace current trends, support community pride, and embody future-focused education.

## Health & Medical

We know the mission of every healthcare organization is to provide patient-centered care that is effective, medically relevant, and operationally efficient. That's why we offer a broad collection of surfaces to address disinfection, durability and design challenges.

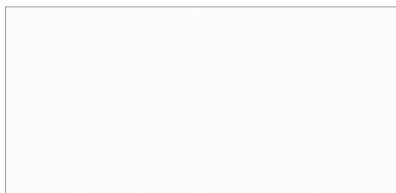

## Studios & Auditoria

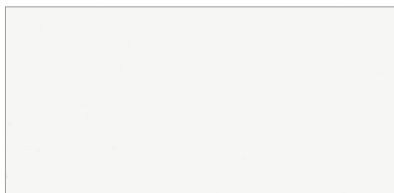

With an abundance of product choices, High Pressure Laminate's broad design possibilities paired with its key impact and wear advantages. Public buildings such as cinemas, conference centres are unique and need creative solutions.
