

EDUWAIT

The Rodlin Design EduWait chair system is manufactured from durable self-skinning polyurethane, available in a variety of seat and back colour finishes with fixed and free standing configurations. Each unit is mounted on a laser-cut mild steel frame, finished with an epoxy powder coating in your specified colour. Seating options include 2-, 3-, and 4-seater configurations. A range of optional accessories are also available, including magazine tables and integrated charging units.

Warranty - 3 Years
