

## Drain body, Socket inclination 1.5°

### Product information for the product group

#### ACO Product benefits

- Robust body and massive upper surface guarantee a problem free long term operation
  - Flexible installation due to rotatable and adjustable top section
  - Suitable for public areas due to locked grating
- Drain body DN 50
  - Top sections can be rotated and telescopically height adjusted for easy leveling with finished floor
  - From stainless steel, material grade 316
  - With integrated stainless steel foul air trap 50 mm
    - Water sealant height: 50 mm
  - Slotted grating of stainless steel
  - Load class: K 3
  - Brushed silk gloss grating
  - Locked grating
  - Suitable for all push fit pipe socket systems
  - Socket inclination 1,5°

### Item Technical Data 405156

	Flange design	Description	Flow rate [l/s]
