

Security by Professionals

Xpanda Security, one of the world's leading security product powerhouses, has been awarded the ISO 9002 certificate by the SABS (South African Bureau of Standards) for manufacturing excellence.

This internationally recognised certification is just reward for Xpanda who have strived to provide both local and international markets with top quality products and services for over 26 years.

Xpanda is once again going the "X"tra mile in ensuring that customers worldwide are fully secured by a company that has achieved the coveted SABS ISO 9002 award for manufacturing excellence.

Xpanda 5-Point Security Test

1. Do you have a **Driveway Gate**, is it automated?
2. Do you have a security gate on your **Front Door**?
3. Are all your **Windows** fully secured?
4. **Back Doors** are often left unprotected, is there a Saftidor on yours?
5. Do you have fully framed Trellis doors on your **Patio Doors**?

If you answered **NO** to any **ONE** of these safety points, call us immediately for a free 5-point home security assessment!

Phone 0860 334 335!
